

# Flaming Star (From "Flaming Star") [Take 2]

## Elvis Presley

Ev'ry man has a flaming star  
A flaming star over his shoulder  
And when a man sees his flaming star  
He knows his time, his time has come  
Flaming star, don't shine on me, flaming star  
Flaming star, keep behind me, flaming star  
There's a lot of livin' I've got to do  
Give me time to make a few dreams come true  
Flaming star  
(Flaming star) When I ride, I feel that flaming star  
That flaming star, over my shoulder  
And so I ride, front of that flaming star  
Never lookin' around, never lookin' around  
Flaming star, don't shine on me, flaming star  
Flaming star, keep behind me, flaming star  
There's a lot of livin' I've got to do  
Give me time to make a few dreams come true  
Flaming star  
(Flaming star) One fine day, I'll see that flaming star  
That flaming star, over my shoulder  
And when I see, that old flaming star  
I'll know my time, my time has come  
Flaming star, don't shine on me, flaming star  
Flaming star, keep behind me, flaming star  
There's a lot of livin' I've got to do  
Give me time to make a few dreams come true  
Flaming star
