Won't Turn Back

NEEDTOBREATHE

Lonely like a sailor
Who's left his girl at home
No storm could overtake the love he knowsSo tell me why I should run for cover
At the sound of the coming thunder
All I hear is the cry of my lover
So take your shot
I won't turn backI won't turn backFaithful like a soldier
Who's answered to the call
Even when his back's against the wallSo tell me why I should run for cover
At the sound of the coming thunder
All I hear is the cry of my lover
Yeah take your shot
I won't turn backNo I won't turn back
No I won't turn
No I won't turnSo tell me why I should run for cover
At the sound of the coming thunder
All I hear is the cry of my lover
Yeah take your shot
I won't turn backI won't turn back
I won't turn back
I won't turn backNo I won't turn back
No I won't turn back
No I won't turn backYeah, I won't turn back
I won't turn
I won't turn
