

# Mighty Mouth

Kix

Once upon a time in a deserted little town

An incubated boy was born and they tried to push him down  
He didn't have no muscles here, he didn't have no  
fat

But when he opened up his mouth you heard the biggest trap  
They called him 'Big Mouth', 'Big Trap'  
'Loud Mouth', 'Mighty Mouth'  
Here comes the m-m-Mighty Mouth  
No silver spoon, grew up too soon out on  
the dirt

He took a big deep breath and popped the buttons off his shirt  
He's no zero he's a hero, he's every mother's  
dream

And all the boys could feel the noise  
They'd shake when they'd hear him scream  
They called him 'Big Mouth', 'Big Trap'  
'Loud Mouth', 'Mighty Mouth'
