Your Boyfriend Hates Me

Reggie and the Full Effect

Your boyfriend, he likes you, but does he really try
Can he do, what I do, should you just say good-bye
Your girlfriends, they tell you, don't ever trust a guy
Should you do, what they do, don't have a reason whyIt's nothing that I can do, just write another song for you, so
(It's nothing, I can do)Your boyfriend , he loves you, but never can reply
Would he say, what I day, I wish you'd say good-byeIt's nothing that I can do, just write another song for you, so
(It's nothing, I can do)
This is all that I'm saying
This is all that I'm sayingYour boyfriend, he likes you, but does he really try
Can he do, what I do, should you just say good-byeIt's nothing that I can do, just write another song for you, so
(It's nothing, I can do)
This is all that I'm saying
This is all that I'm saying
This is all that I'm saying
This is all that I'm saying
This is all that I'm saying
This is all that I'm saying
