Nothing At All

Iration

I know you
You know me
Better than we wanna believe
I wanna hear you say something
'Something' better be please
I've been down on my knees
Trying to find out what to believe
I've always had a problem
A problem with seeing what's real
But you're giving me nothing
And there's nothing I can't steal
We might live in a song
But I know we can never be wrongCuz all I have
Is all I can grab
Don't you know I
Only ever feel better having it all
Knowing that your love never comes around helps nothing at all
Made up memories can be strong
Now I know the most you and I can be is nothing at allRight on cue
You had me
Thinking that inevitably
I'd be the one left guessing
Guess I'll always be
Lost in reality
Life is what I want it to be
You keep saying I'm crazy
Maybe I'm a little undone
Vision's getting hazy
Been staring at the sun and
I'm just trying to find
My silly little misplaced mind
Cuz all I have
Is all I can grabDon't you know I
Only ever feel better having it all
Knowing that your love never comes around helps nothing at all
Made up memories can be strong
Now I know the most you and I can be is nothing at allDon't you know I
Only ever feel better having it all
Knowing that your love never comes around helps nothing at all

Made up memories can be strong
Now I know the most you and I can be is nothing at all
