

# Crazy World of Love

## D-SIDE

We talk every day  
We don't say  
What's going through our minds  
It's just away of passing time I want to believe I'm all you need  
But the truth is in your eyes  
I need to know what's inside You're hiding away  
Like you're just too scared to try  
Don't want to hear a heart break  
But you're slowly breaking mine [Chorus]  
Tell me what's going on  
Am I alone?  
Here in this crazy world of love  
Baby something is wrong  
I should have known  
That here in this crazy world of love  
I'd feel lost, don't let go  
Cause I need you by my side, oh  
Here in this crazy world of love I try and understand what I can  
But I'm losing who you are  
What used to be near seems so far You're hiding away  
Like you're just too scared to try  
Don't want to hear a heart break  
But you're slowly breaking mine [Chorus] It's hard the not knowing  
Just where we are going  
But in this crazy world is where we belong I'd feel lost, don't let go  
Cause I need you by my side Here in this crazy world of love  
Here in this crazy world of love  
(baby something is wrong, oh no)  
Here in this crazy world of love
