

# Amillionite

## Sticky Fingers

Come and get some Amillionite  
I seen your face but I let you down  
People say you're real strung out  
I turned you down and now I'm out  
Can I come and see you? Wont let you drift on and out of sight  
Like tears in rain, you know I'm always there  
I'm always waiting for you  
Maybe one day we'll hang out  
And I'll make it up  
I'll make your stars shine out  
Can I come and see you?  
I'm always waiting for you  
You can hide upon a shelf  
But you'll never get away from yourself  
Not in your wildest dreams  
For now we're best not to hold so tight  
I feel your pain  
We gotta let go  
But I don't want to  
My friends said I should leave this house  
They're out the door  
So imma burn it down  
Don't burn me out  
I got the fear I'm someone else  
Becoming a ghost forgotten  
So if you like I'll scare what haunts you  
And if that's me I'll disappear  
Every day gone  
You'll forget me  
And maybe that it's mean to be  
x2Come and get some  
Come and get some  
Come and get some Amillionite  
What you said to me
