What you learn you will sacrifice
What you know you will sacrifice
Who you love you will sacrifice
Who you are you will sacrificeLiving in an age of
I'm living in an age of courageSpecial relativity
Universal energy
Pressed down by the weight of the force of gravity
If God is life then fuck the theory
This is Einstein's mind this is special relativity
(Who you are you will sacrifice)Living in dreams like sleepwalkers
Dreaming in life hearing the voices
Blood flows in the holiest of waters
Blood flows in the holiest of watersLiving in age of
I'm living in an age of courageSpecial relativity
Universal energy
Pressed down by the weight of the force of gravity
Don't live your life trapped in a theory
Wise up rise up confront reality
(Who you are you will sacrifice)
