

Mid-Life Crisis

Travis

Bomba - He from Brazil & dance a frenzy
Zandra - You know she changed her name from Sandy
In Asia - running naked by the ocean
From America - he thinks he's poetry in motion
They sit around there with the lamp so low
Twistin' it up & then lettin' it go
& Three is very definitely company
Bomba-he from Brazil & dance a frenzy
Zandra- you know she changed her name from Sandy
He's got a lap-lap, amulet
Afro-Cuban on his headset
So free - chasin' everything that's moving
Fast approaching a Mid-Life Crisis
A crisis
A crisis
They watch their best friends
You know they're breakin' up with other lovers
They're comin' to the end
No more playin' under covers
They sit around there with the lamp so low
Twistin' it up & then lettin' it go
She makes every kind of cooee

& In the evening they dance with 50 others solo
Fast approaching a Mid-Life Crisis
I will be true to thee
For all my life
Will not forsake thee
A-ha man & wife
A crisis
Mid-Life Crisis
& In the evening they dance with 50 others solo
Pickin' it up & then lettin' it go
Thrillin', espodrin' as they're chinnin' away
Fast approaching a Mid-Life Crisis
A crisis
I will be true to thee
For all my life
Will not forsake thee

Man & wife
Yeah I will be true to thee
For all my life
Will not forsake thee
A-Ha
Crisis
Mid-Life Crisis
Mid-life Crisis
