Babylon

Pop Will Eat Itself

Transcription of 3 NEW PWEI songs, which should appear on the new album
and were debuted on UK Radio Show, `The Evening Session`.
NB> The tracks were recorded from radio, and were a bit fuzzy, so there
are a few bits I couldn`t make out. Also, Clint said that these songs
were`nt quite finished, so the finished product may alter from this.

Babylon
_____

I don`t make
Cash from the belly-ache (?)
I don`t charge for the
Words from my heart.
I call the shots,
Ten out of ten again,
I`ve seen it all,
Right from the start.
Burn, Burn Babylon!
So Wake Up, Wake Up, Children!
I see fire,
Brought by the winds of change.
I sense pain,
From the depths of my heart.
I`m all wired,
Fired up for better days (?)
I saw stars
Right from the start.
Burn, Burn Babylon!
So Wake Up, Wake Up, Children!
