APB

Grant Lee Buffalo

I put an APB on you tonight, searchlights citywide
I flash your face upon the news at nine
I put the heat on high, whatever I gotta do to find you
Won't let fair-weather friends step in to hold you back or blind youI need you more than ever, you are the only one
Better be sure
Put out an all-points bulletin, an all-points bulletinI gaze through infrared, done lost my head a long long time ago
I've got no hounds to sink upon your trail you know
Just desperation on my breath, I have to sit back, stabilize
So I don't scare you when I'm close enough to catch your eyeI need you more than ever, you are the only one
Better be sure
Put out an all-points bulletin, an all-points bulletin
An all-points bulletin, bulletin
