

This Fire

(Hed) P.E.

Advisory - the following lyrics contain explicit language:

You can't fight it
No! You can never win So stop tryin
This light will keep burnin I fear nothing
I like to feel the pain Your eyes crying
The spirit will remain This fire will burn - Forever light up the night of nights This fire will burn - I'm all dressed
up - I'm ready to fight This fire will burn - Let's Go! I'm tired of fuckin around This fire will burn - The masters
house right to the ground Through pain and sickness
We will rise again In moments of weakness
The spark will never end This is a promise
We will never fail End what you started
The family will prevail This fire will burn... This little light of mine
I'm gonna let it shine
