

Toy Box

Jimmy PÃ©

"Ooo, I like this toy. Watch it go. Uw...wait!" (gunshots)"We're sorry the person you are calling is dead"[Violent J]

I was like six, I used to get dissed by the chicks
And everyone would chase me and hit me with bricks
And rocks and sticks and calling me names
And filled my lunchbox with frogbrains (eeww!)

When I left school, it was much iller
My daddy was a serial killer
And how about that, he'd always make me sit in the back

With all his dead bodies on my lap (move!)

When I got home, enough of the static
Hammer and tools, went up to the attic

Never knew any other girls or boys

Only my toys, toys, toys

Bang! Clang! Hammer and twist

Nobody knows I exist, and I'm pissed

But I won't be mentally scarred

Instead I make toys, toys of the graveyard

Monday, ringing the bell

It's all about show and tell, might as well

Show all these bastards just what I got

Yo, check out my toy box!"Nothing feels better than a good harty-harr, right boys and girls"[Violent J]

We got dead bodies everywhere you look

All the nerds sitting up front got cooked

Others start screaming and making a dash

So I start handing out toys fast at last

You like slinkies, we got slinkies

Only mine like to wrap around your face

And stretch, twist, kazoom

And whip your body all over the fuckin room

So come, one at a time

Open your gift and what you will find

Is a toy, my friend, that you'll never forget

It's not everyday that you get your skull split

You like soldiers, we got soldiers

Made with rubber and steel, they look real

But I wouldn't just toss em under your bed

That's how you get an axe to the forehead (oww)

And don't let em sit around all day

Come home and find you mom, dead in the hallway
'cause they can be nifty
All the toys are shifty, haha, in my toy box "Woooooowee, that sure sounds like fun!" [Violent J]
That's not a toy, hey, wait a minute
Don't fuck around, homie, you can lose an eye with it
That's my double blade razor whip chop jimmy
And it's mine, motherfucker, so gimme gimme
You want toys, you come to the right place
Try my little toy, Mutilating Mental Case
Wind him up, let him go among all of ya
Then BANG! serial slaughterer
Your turn, reach in and get lucky
Oh look, he pulled out a rubber ducky
It make a funny sound and then BANG!
Blew the fingers off his fuckin hand
Don't stop, class ain't done yet
I remember you calling me poindexter
Bookworm brainy, my aggrevation
Went into these little creations
Reach in, you might find something wicked
Wicked, scary, chop bang pickadery
Off with your head, a robot with a sword
But now he's looking at me, but what for?
"Eh, wait a minute, I made you
Get them, not me. Eh, wait a minute, motherfucker."
"Oh, I love this record."
