

# One Night Only

Anika Noni Rose; Beyoncé Knowles; Performed by Je

I have no doubt that I could love you forever  
The only trouble is you really don't have the time  
You got one night only, you got one night only  
You got one night only, you got one night only  
You got one night only  
And when they see me  
They see three, baby  
She marks her calendar, we schedule every plan  
She knows when I'm coming, she's more than a fan  
She got my tour dates, she also got a man  
But even homie gotta understand  
She got  
(One night only, one night only)  
And no one gon' take it from her  
Nothing's gon' make her miss it  
And when I go, she'll miss it  
But she'll never forget that  
(One night only, one night only)  
Next day another city  
She's never coming with me  
I'm nothing more than memories  
Memories she keep forever  
She always dream about me, wish she could sleep forever  
She get her fit together, she get her shit together  
After my concert, she wanna get together  
I get her on my bus, we chill and sit together  
She has no curfew, I can take the bitch wherever  
Come off a bit respectful, I'm on a different level  
I got her feelin' special, then she remember  
She got  
(One night only, one night only, one night only, one night only)  
One night only, one night only, one night only, one night only)  
But I can make you love me forever  
Baby, I can make you love me forever  
Now, all the hoes hate her, the dudes wanna date her  
Her nigga saw her leave, she deal with him later  
Right now she with the greatest, I'm even homies favorite  
How could he even blame her? She doin' him a favor

She let that nigga love her, she let that nigga save her  
But when I come she let a nigga take her  
Take her for  
(One night only, one night only)  
She turnin' off her phone, she turnin' off her page  
Tell him that shit on roam, that nigga goin' in labor  
(One night only, one night only)  
These niggas hate the game but they can't block the layup  
And she go home to him, he sicker than a patient  
He waitin' at the table, no breakfast at the table  
He ask her where she been, she say stop trippin' it was  
(One night only, one night only, one night only, one night only)  
One night only, one night only, one night only, one night only)  
But I can make you love me forever  
I can make you love me forever, yeah  
Them older bitches jealous, say she a groupie whore  
But every woman in this world was you before  
See everybody wish to porn that superstar  
But when it come true, how true you are  
You got the  
(One night only, one night only)  
See, I can't be her man and she can't be my girl  
Oh, but we fuck like it's the end of the world  
And we got  
(One night only, one night only)  
I got a wife, she knows, my wife ain't on the road  
When she come to my room, she take off all her clothes  
Say anything hoes, tomorrow, same clothes  
We probably order movies, we probably lay together  
But we can't stay together, that's when I gotta tell her  
I have no doubt that I could love you forever  
The only trouble is, you really don't have the time  
You've got one night only, you've got one night only  
You've got one night only, you've got one night only  
Yeah
