

Wishing Well

Inxs

If you ever want to taste it
Go down to the wishin' well
Poison in the well will make it
Keep yourself as strong as can be
All men, I'll take ya
Take you down and tell you why
I said woman, gonna take you
Take you down a well that's wide
If you ever want to taste it
Go down to the wishin' well
Poison in the well will make it
Keep yourself as strong as can be
Take it to the river
Take it to the well
Say lovin' heart
Gonna show the way
Gonna show the way
Gonna show the way
Gonna show the way yeah yeah
Gonna show the way yeah
If you ever want to taste it
Go down to the wishin' well
Poison in the well will make it
Keep yourself as strong as can be
Yeah
All men, whatch ya seein'
Livin' it all for the life
Say all men what's you seein'
Gonna change your ways
Gonna change your ways
Gonna change your mind
If you ever wanna taste it
Go down to the wishin' well
Poison in the well will make it
Keep yourself as strong as can be
If you ever gonna taste it
Never look right or left, look ahead
I'm the healer
Believe in

Gonna carry ya, to the end
Gonna carry ya, to the end
If you ever wanna taste it
Go down to the wishin' well
Poison in the well will make it
Gotta keep yourself as strong as can be
I'm the healer
I'm the healer
