

# That Song

## Mama Cass

I'll say it once I'll say it twice but from here what do I do maybe you have a boyfriend and maybe you don't  
you look real fine you look real nice but it don't matter 'cause we probably won't talk tonight I said stay here  
with me cause I wanna see what kind of person you are but because I can't talk and speak what I thought you  
drift away so far stay here with me stay here with me that cute little blonde streak in your hair break it down but  
am I really the one that is the nerd that nerdy guy's got his arm around you that ain't fair because of him to you  
my voice will never be heard never be heard stay here with me cause I wanna see what kind of person you are  
but because I can't talk and speak what I thought you drift away so far stay here with me I don't wanna be just  
another guy and I don't wanna be just another guy that comes up to you and tells you you're fine to listen to  
what I think oh how I wish that you were mine and you walk away cause you ain't got the time cause I wanna  
see what kind of person you are so stay here with me you drift away so far stay here with me but because I can't  
talk and speak what I thought stay here with me stay here with me
