

# Around Your Heart

Kittie

Straight faced  
In your embrace  
Gripped around my heart  
Innocent I plead my case  
I'm never going back  
Please don't unwind  
This tether twined  
Around your heart  
This tether breaks  
Decay  
Erase  
Finish what you start  
I know that it's not too late  
To save us from ourselves  
Remember when your smile  
Made everything worthwhile  
Finish what you start
