

# Marrow

## ANOHNI

In the, in the countryside  
Under the streams  
Suck the, suck the marrow out  
of our bones Inject, inject, inject me  
With chemotherapies  
Suck the, suck the money out  
of a face We are, we are all  
Americans now  
Africans, and Europe  
and Brazil China, Thailand, India  
Great Britain  
Australia, Borneo  
Nigeria We are, we are all  
Americans now  
Suck the, suck the oil out  
of our veins Burn her, burn her, burn her hair  
Boil her skin  
We are, we are all  
Americans now
