

A Clean Break (Let's Work) [Live]

Talking Heads

Just beginning to take that love away
Just beginning to take that love away
In a minute I'll wash that love away Even now we remember what we used to say
Takes a minute to wash that love away
Take a clean break wash that love away Even now we remember what we used to say
Even now we remember what we used to say
We'll be together if we cut that love away It's a matter of degrees and that's true, that's true
And it's taken to extremes and that's why we
Work so hard to take that love away
Take that love away, take that love away, take that love away Just beginning to take that love away
Just beginning to take that love away
In a minute I'll wash that love away Even now we remember what we used to say
Even now we remember what we used to say
We'll be together if we cut that love away It's a matter of degrees and that's true, that's true
This is his perspective and it's taken to extremes and
That's why we work so hard to take that love away
Take that love away, take that love away, take that love away
