

I Useta Know Her

Dj Quik

Yeah something new, something different
Yeah bitch you know who I'm talkin' 'bout
I'mma tell the whole world about yo ass
I useta know her, I useta know her
Way back in 1991, I useta know her
I useta know her, I useta know her
Way back in 1991, I useta know her
Well 1991 I was rockin' my Jerri Curl, just a young gun
Lookin' for the bitches that have a lot of fun
Just dropped a hit record now I'm under the sun
Winter time night fall cold as hell
Standin' out side of the gold entail
Hella hoes mobbin' in pushin' gettin' through
Tiger striped cat suit lookin' at me to
I asked her whats your title and she said it was V
Vanessa you impress a nigga cant you see
What you doin' later can I kick it with you?
She said it all depends on what you wanna do
Took me me to her buddy walked in the room
Buzzin' off the kamikaze that I consumed
Talk, kiss, grind tyrin' to get get my balls off first
She said nigga can you take my drawls of first
I was young I admit it
She told me I was horny and wild but still let me hit it
Hot bare back until I felt that quake
She told me shoot that milk shake, shoot that milk shake
Goddamn I don't wanna get sprung
Take it out the pussy bust a nut on her tummy
Ran home to tell my nigga top
About this cock that just wouldn't stop yeah
I told him she was green eyed light skinned and fly
He said he met a bitch like that last July
A car pulled up and it was her no doubt
I told him thats who I'm talkin' bout
He said thats who I'm talkin' bout damn
I useta know her, I useta know her
Way back in 1991, I useta know her
I useta know her, I useta know her
Way back in 1991, I useta know her

Now here's the plan in the home of the one night stand
Rolled up in a stretch pussy to catch
Plus now I'm sittin' the V.I.P and hoes wanna suck on the D.I.C
Okay heres the play give me O.J. and Tanqueray

Have you had you dick today is what I'm thinkin'
But I've been drinkin' I see you peepin' me out
And its freakin' me out
'Cause she fine than a motherfucker bout 5'8
135 and I just can't wait, to hit the backside and get the top love
Buck naked in the hot tub 'cause she knew who I was
And what I am and what I is, the fliest nigga in the rap biz
And there playin' my song so a nigga gotta go and uh
Put a hoe in the limo

She was askin' me question after question
Until she seen my life size erection
I bent her over prepared to do my duty
And seen my nigga Quik's name on her booty
I useta know her, we useta know her
Way back in 1991, I useta know her
I useta know her, we all useta know her
Way back in 1991, I useta know her
Were running out of B.B's

Now who gon' do the honors
I hit the liquor next to benihana's
But on my way I met bitch as square as a box
With a big ass booty and some Goldie locks
And I ain't gotta do much talkin' she wet
Because she seen me movin' a 97 beret
The good thing is I never seen her around
So I took her to my spot to get down
Now AMG what you think about the bitch
She dance in the jet strip
Shakin' the cock, 20 dollars a pop
A nick name baby girl, useta have a jerry curl
Now she got braids, ex-nigga paid
She useta roll a Lexo now she got a pathfinder
Re drum if you get behind her
'Cause my nigga told me she had the heebie geebies
Give her drank and dank she'll give a nigga freebies
I useta know her, we useta know her
Way back in 1991, we useta know her
I useta know her, we all useta know her
Way back in 1991, we useta know her
We useta know her

I useta know her
