Superhero

Reef

Melody I think you've met your maker
Play another let me be the one
Now your evil plan has come undone
You were only looking for a failureSuperhero I'm dancing and I feel like you
Superhero I'm dancing and I feel like you
I am surging jumping on the dancefloorMe and my mine we're launching through the airWe have all been given superpowers
That show up whenever you are near
Superhero I'm dancing and I feel like you
Superhero I'm dancing and I feel like youSing me a song I'll fly away
Sing me a song I'll fly away
Superhero I'm dancing and I feel like you
Sing me a song I'll fly away
Superhero I'm dancing and I feel like you
Superhero I'm dancing and I feel like youSuperhero I'm dancing and I feel like you
