

Adonis

Nuccia Bongiovanni

I know I have such a long way to go
Until I'm fine without him
I find myself back at the very place
I thought I had left
I heard when you said
There's a power source and it's right within me
But where and when is the key
Where and when is the key
Adonis you really lost me this time
Adonis but I love it you can have me
Adonis I was safely sleeping
Adonis you've awakened the fool
Oh girl, is this what you want now
Oh yes, this is what I need
It's the way that we move
Somehow this love dances
And the way that we're true
To letting things go their way
I know I'm somebody who
Will take any chances
And I feel like letting you in for good
I'm tired of watching love slip away
Slip right through my fingers
I thought it was stronger than that
I guess I was wrong
Cause heaven has never been closer
You show me how to reclaim it
It's bigger than my words can be
Deeper than all of the seas
Adonis you really lost me this time
Adonis but I love it you can have me
Adonis I was safely sleeping
Adonis you've awakened the fool
Oh girl, is this what you want now
Oh yes, this is what I need
It's the way that we move
Somehow this love dances
And the way that we're true
To letting things go their way
I feel like somebody who
Will take any chances
And I feel like letting you in for good
Oh yes this is what I want now
This is what I need

Somebody new somebody new
Somebody like you
