

# Good Morning Little School Girl

## Muddy Waters

Good morning little school girl  
Good morning little school girl  
Can I go home with  
Can I go home with you?  
Tell your mother and your father  
I once was a schoolboy too  
Sometime I don't know what  
Sometime I don't know what  
Woman, what in this world to  
Woman what in this world to do  
I don't wanna hurt your feelings  
Or even get mad with you  
I'm gonna buy me a airplane  
I'm gonna buy me a airplane  
I'm gonna fly all over Chevy, man  
I'm gonna fly over Chevy man town  
If I don't find my baby  
Ain't gonna let my airplane down  
Now who's that coming, yonder?  
Now who's that coming, yonder?  
She all dressed up and pretty  
She all dressed up and pretty, yeah  
Now, if she don't be my baby  
I'd soon to see her dead
