

The Iceman

The Icemen

THE ICEMAN

The Iceman here he comes yes he'll make you shake with fright
The Iceman here he comes no, no hope don't try to fight
Hard grip ain't no way that I'll let up
Hard grip 'til I've drunk my full cup

The Iceman, no fucking way will I slow down
The Iceman, got no weakness to be found
Hard grip I've got to stay on track
Hard grip no I never will look back
