

As I Wander

Ours

As I wander at the bottom of the sand
The fish tonight swim in melody
Oh these people, we've got to love these people
Because if we don't they will go away, away Tell everyone don't be afraid to die
Tell everyone don't be afraid to die
We watch them, we watch them Tell everyone don't be afraid to die
Tell everyone don't be afraid to die
We watch them, we watch them
