

# Apocalypse

## Wyclef Jean feat. Refugee Allstars

Yeah, I was looking out my window now  
When I heard this sounds, looked up into the sky  
Saw the moon turn to blood, looked at my little brother  
Said, "You high as hell man" Apocalypse, one, two the headlines youths just rolled through  
Apocalypse, three, four soldier, a hundred horsemen at your door  
Apocalypse, five, six you wanted dead or alive, hit or miss  
We, we y'all, yeah, we, we y'all, yeah, we, we y'all, yeah, we, we y'all Arrival of the carnival, new beats, I  
never recycle  
While you looking for samples, you might get trampled  
Surprise, hey, I'm back with lightning and thunder  
I heard you over saying I'm the one year wonder You dumb or some, went to refugees  
Silly felony, when I'm done, collect royalties from record company's  
Clouds getting darker, suns getting nearer  
I'll turn an atheist into a God fearing believer The back of a building, your body's found by children  
Playin' hide go seek, what we found was his skeleton  
In the back of a car, you spawned with the wrong guard  
You know my empire strikes back hard missiles launched War is the day after ashes, projects, cannons  
Being launched hit the palace  
Vision, revelation, sky wrote apocalypse  
Enemy, pilots, kamikaze into the abyss Apocalypse, one, two the headlines youths just rolled through  
Apocalypse, three, four soldier, a hundred horsemen at your door  
Apocalypse, five, six you wanted dead or alive, hit or miss  
We, we y'all, yeah, we, we y'all, yeah, we, we y'all, yeah, we, we y'all A yo, back on earth, the party's at the  
tunnel  
On the west side of the river went mad quiver  
Rats get fed to the alligator  
Gun blast equivalent to the bombs in pearl harbor Rescue choppers, Brooklyn turn to Hiroshima  
I'm driving to Jersey to escape the terror  
I was on the highway pushing a black viper  
A car pulls up, is he a jack or a sniper A blue range rover, he says pull over  
I didn't know he was a DT undercover  
I screamed out my lungs, this is discrimination  
What's the charge? He said, "You just robbed a gas station" Who me? Not me, it couldn't be  
I was at the Grammys with Brandy  
Didn't you see me on TV? Bullshit, you're all in the same game  
He tried to run me off the road, like he was Rosco P. Coltrain I stayed calm, gave him a hell of a show  
'Cause if it's every time to go, all I gotta press is turbo  
Heard it on his walkie, road block on two-eighty west  
Things got serious, that's when I bust a left U-Turn, my eyes burned, my concern was a truck coming

Head on collision within a second chase position  
Close one, I almost went up in a blaze  
Running from what appears to be a masquerade  
At least that's what I thought, it was all in my mind  
Reality stuck when I got to the borderline  
The headline reads every ghettos sad story  
A rookie shoots a boy over mistaken identity  
Apocalypse, we, we y'all, yeah, we, we y'all, yeah  
We, we y'all, yeah, we, we y'all yeah  
Apocalypse, one, two the headlines youths just rolled through  
Apocalypse, three, four soldier, a hundred horsemen at your door  
Apocalypse, five, six wanted dead or alive, hit or miss  
We, we y'all, yeah, we, we y'all, yeah, we, we y'all, yeah, we, we y'all  
The carnival  
No body is protected  
Anything can happen  
Right
