

Boogie Woogie Dance

Tampa Red

In France, they've got a dance
A feel real, crazy dance
A touch of class and a dash of romance
Feel real, crazy dance Boogie woogie dance
Boogie woogie dance In Spain, they give it a name
A real chic, cheeky name
Once you know it, you're not the same
But you really take a chance With the boogie woogie dance
The boogie woogie dance The boogie woogie dance
The boogie woogie dance In Brazil, they got a pill
A real hard, power packed pill
Take one too many you'll feel quite ill
But you really take a chance Do the boogie woogie dance
The boogie woogie dance
Boogie woogie dance
Boogie woogie dance (Oh dance, get out and dance)
Boogie woogie dance
([Incomprehensible])
Boogie woogie dance Boogie woogie dance
Boogie woogie dance
Boogie woogie dance
Boogie woogie dance
