

Chronic (NOW What's Next!)

Phoebe Ryan

[Verse 1]

Best believe you couldn't cure me if you tried
Sweet relief cause I like doing what I like
Constantly I suffer from my sorry lies
It's killing me cause I know you love me right[Pre-Chorus]

You know what to say
You know what do
You know how to play
You know, you know

[Chorus]

Oh so wonderful
Kisses tasting like chronic
Give me some cause I want it
Like all the time
And oh, it hits me good
Yeah, it's keeping me breathing
Chasing after the feeling
Like all the time[Post-Chorus]
Your chronic, I got it
On my mind
Your chronic, I want it
Like all the time[Verse 2]

What's the deal? You only treat me like a queen
It's so serial, I've always been a little mean
I can feel my heart bursting out the seams
It's my greatest fear, loving anyone, anything[Pre-Chorus]

You know what to say
You know what do
You know how to play
You know, you know[Chorus]

Oh so wonderful
Kisses tasting like chronic
Give me some cause I want it
Like all the time
And oh, it hits me good
Yeah, it's keeping me breathing
Chasing after the feeling
Like all the time[Post-Chorus]
Your chronic, I got it

On my mind
Your chronic, I want it
Like all the time[Bridge]
Your kisses taste like chronic
It's got me low key heart sick
I'm trying to be modest
But you know... I want it[Chorus]
Oh so wonderful
Kisses tasting like chronic
Give me some cause I want it
Like all the time
And oh, it hits me good
Yeah, it's keeping me breathing
Chasing after the feeling
Like all the time[Post-Chorus]
Your chronic, I got it
On my mind
Your chronic, I want it
Like all the time
Your chronic, I got it
On my mind
Your chronic, I want it
Like all the time
