## Her

## **Kelly Price**

Baby, I've been watching from a distance
And everything it rings familiarly, mmm
But I can't imagine what you must be thinkin'
'Cuz she can never be what I can beOh, loneliness has really got you twisted
And there's so much your eyes don't even see, yeah
And then I laid my eyes upon your woman
And to my surprise I saw me lookin' at me
But how could you be with her?Her
You don't really love her, no

She

'Cuz she's not me and I

I

I won't stand by and watch you pretend So baby how could you?Her You don't really love her, no

She

'Cuz she's not me and I

1

I can't stand by and watch you pretendWe parted so that we could make it better 'Cuz boy, you said we needed time and space, mmm

We vowed that it was only temporary

But I never thought that I would be replacedNow you're living all our dreams with another

And you're giving everything you promised me

You're pretending we're together when we're nothing

But she's not me, she can't be, no

How could you be with her, oh baby?Her

You don't really love her, no, no

She

'Cuz she's not me and I

T

I can't stand by and watch you pretend So how could you play me?Her 'Cuz don't really love her, no

She

'Cuz she's not me and I

I

I can't stand by and watch you pretendI never thought that you would be hurting this way

And I never thought I'd be without you, without you

You didn't have to run away to find me again

'Cuz I've always been here I am the real thing
So don't you pretend, ohHer
You don't really love her
She

'Cuz she's not me and I

I

I can't stand by and watch you pretend OhHer

You don't really love her, no

She

'Cuz you really love and and I

I

I can't stand by and let you pretend
We can start againHer
Ya gotta let her go baby
She

And bring your love to me

I

I want your love, I need your love You can't pretend
