

Bombo

Bonafide

Come, come with me
Let the light get you to where I want to be
You're the one, one for me
Don't deny what you want, we are young, we are free

Mi amor, in your eyes
I see love like a fire

The night is young, my heart is light
I know you wanna hold me so, boy, don't fight
The night is young, you feel so right
Bailar al son del Bombo

Bailar al son del Bom-bom-bom-bom-bom-bo
Bailar al son del Bom-bom-bom-bom-bom-bo
Bailar al son del Bom-bom-bom-bom-bom-bo
Bailar al son del Bom-bom-bom-bom-bom-bo
Bom-bom-bo

Come, follow me
Let the beat break it down, take you straight to the sea
I will be, be with you
By your side, all along, this is where you belong
