I Could Go

Magic Bullets

Since I was young I've always wanted
That song of love and understanding

I've tossed and turned in my sleep
Over things I could not have prevented
But there you were making my heart still
Just when I thought the chance had ended

What took you so long?
What took you so long?
(What took you so long?)

I can't quite explain the origin
Of my romantic fascination
But there's no doubt in heaven
Leaving about this feeling of anticipation

What took you so long?
What took you so long?
(What took you so long?)

Since I was young I've always wanted
That song of love and understanding

I've tossed and turned in my sleep
Over things I could not have prevented
But there you were making my heart still
Just when I thought the chance had ended

What took you so long?
