

# It's Up To You

## Cheap Trick

Some people are very hard to shake awake  
Some things are hard to define  
Some lazy people've got haze on the brain  
No motivation vacations holidays  
You say you wanna change the world upside down

(bridge)

Gotta go all the way

Start today

It's up to you to get it right

Gotta try gotta try

(chorus)

It's up to you to get things started

It's up to you no no not half hearted

Take each and every day as if it is your last

It's up to you you've things to do

It's up to you

Some have an attitude of fool all the rest

Take it all have a ball don't accept second best

So hollywood but it's really anywhere

I've got a feeling it's something in the air

It's much the same across the worlds all around

It won't change much without our feet on the ground

(bridge)

Gotta go all the way

Start today

It's up to you to get it right

Gotta try gotta try

(chorus)

It's up to you to get things started

It's up to you no no not half hearted

Take each and every day as if it is your last

It's up to you you've things to do

It's up to you

Hands off attitude

What's that gonna prove

If you pass the test

Don't look back

Settle for the best forget all the rest

Take it all have a ball

You deserve the best  
It's up to you to get things started  
It's up to you no no not half hearted  
Take each and every day as if it is your last  
It's up to you you've things to do  
It's up to you  
It's up to you to get things started  
It's up to you no no not half hearted  
Take each and every day as if it is your last  
It's up to you you've things to do  
It's up to you
