

# Love Rehab (ft. R. Kelly)

## Twista

Kell's and Twist' uh  
Girl, it ain't no other way to describe you  
Your momma raised you right  
Yeah, I like that, it's like Sittin' here in love rehab, I'm so crazy about you, dear  
Doctor of my soul, I will never check out of here  
Filled my prescription when I came to you and needed peace  
You took me in and gave me joy and, girl, now I'm free  
You are my circle, when I needed to talk you had my back  
You my homie we go back, thank you for your love rehab Doin' bad, ain't nobody in my life  
I'ma kill a nigga or somebody gon' murder me soon  
I'm a hope fiend, I need a woman in my life  
Could you take me to the emergency room? I need somebody that can nurse me back to health  
'Cause I'm out here lovesick, shakin' like Pookie  
You took me up outta the hoopty  
Put me in the Lex 300 and got me blowin' on dookie Now why do I respect ya, 'cause she down for a nigga  
Before I was rollin' city to city  
She got me screamin' out "Yes Sir", like I'm Pretty Ricky  
Lookin' freaky, freaky while I'm smokin' on the sticky-icky When I'm down and out, you be rubbin' my back  
Because I miss you, you know I got issues  
When I'm ridin' dirty and I got the thumper  
And the law pull me over you will hold my pistol Sick of how the women harm on me, you charmin' me  
In the pharmacy of love, body be right I wanna hit you  
You like a veteran when I need some medicine  
You better than Exederin, fellas in trouble that wanna get you I thought I knew what real love was till I met you  
I'm reminiscin' on the love we had  
I'ma stay sick forever hope I never get well  
'Cause you got me in a love rehab Sittin' here in love rehab, I'm so crazy about you, dear  
Doctor of my soul, I will never check out of here  
Filled my prescription when I came to you and needed peace  
You took me in and gave me joy and, girl, now I'm free  
You are my circle, when I needed to talk you had my back  
You my homie we go back, thank you for your love rehab So many problems, so many people, so many decisions  
So many roads that I have to choose, yeah  
But still I'll roll the dice and pray that I don't lose  
There were times that I got weak, fell short  
I couldn't go on and she came through So many friends, so many liars, so many haters  
Sometimes I just don't know who to trust  
But yet and still I turn the wheel of life and try my luck  
There was a time when I was broke, didn't have a job

And this woman, she showed me love  
Oh, since we first met, I've been risin' like an escalator  
Now five years later, we have come up like an elevator  
You made me better, babe, when I thought I was goin' crazy  
I was just about to lose my mind, then you put me in your love rehab  
Sittin' here in love rehab, I'm so crazy  
about you, dear  
Doctor of my soul, I will never check out of here  
Filled my prescription when I came to you and needed peace  
You took me in and gave me joy and, girl, now I'm free  
You are my circle, when I needed to talk you had my back  
You my homie we go back, thank you for your love rehab  
If I hit it I'ma spit that love flow  
Forget what they all say  
She the only one that helped me  
Hit her with a little bit of 12 Play  
When the Twista wasn't proper sippin' Vodka  
I could remember tellin' the love Doctor "I need some help"  
Through the fire like I'm shocker, love it every time I rock her  
Cock a pistol when I think I bleed to death  
My surgeon and my methodome  
The only one I talk to when I'm left alone  
You the one that helped me fight through my challenges  
Tell me what's my psychoanalysis  
I thought I knew what real love was till I met you  
I'm reminiscin' on the love we had  
I'ma stay sick forever, hope I never get well  
'Cause you got me in a love rehab  
Sittin' here in love rehab, I'm so crazy about you, dear  
Doctor of my soul, I will never check out of here  
Filled my prescription when I came to you and needed peace  
You took me in and gave me joy and, girl, now I'm free  
You are my circle, when I needed to talk you had my back  
You my homie we go back, thank you for your love rehab  
Uh, Kell's and Twist  
Gotta let her know that she the only reason  
We make it through sometime  
That's why we sittin' here in love rehab
