Night Vision

Hell Is For Heroes

Under a blanket of fear
Down a bottomless pit
I've been waiting for this night
To open my eyes
Wide awake I see in the dark
See the fences breaking apart
Get together with my old friends
Once again we breathe in the air
Escape to somewhere far from nowhere
Where the sky's been tainted red
Where the sky's been tainted
Up on a bank by a stream
Trading memories for dreams
Fading echoes and pictures
Oh, we burn at the seams
Wide awake I see in the dark
See the fences breaking apart
Get together with my old friends
Once again we breathe in the air
Escape to somewhere far from nowhere
Where the sky's been tainted red
Where the sky's been tainted
And now our wings are painted gold
They'll make idols of us yet
Empty promises they sold
Reach their best before dates soon
I can see it all
I can see it all
I can see it all
I can see it all
