

# Take One (re-built)

## Front 242

Oh no don't take  
This is our last order  
Last order  
If you're (physical youth)  
You say you're moving youth  
So why don't you feel?  
So why don't you feel the beat  
Say how you could!  
Give me...  
Another one  
My old regrets  
Can't stay always (alone)  
You feel the beat  
This is...  
One day the grounds will sway  
Divine body, look right!  
This is...  
Give me another one  
And take my old regrets  
Can't stay always alone  
Why don't you feel the beat?  
Oh why don't you feel the beat?
