

# Last Year

Joanna Gruesome

Said I won't check, never those can heal  
This is weird, I know, I hit it  
So stay through neck when I'm making shields  
Touching the tiniest scar  
I know no one to say my name  
I cease fires, culture sound And I will cry for one's passing away  
Should I love when I do what I know  
When brothers and sisters and miles and border  
It's no fun, that I,  
I know no one to say my name  
Show my face, alright, I rise, I moved on  
I will not, I will not, I will not  
I will not, I will not, I will not! Move your body getting close to me  
Close enough to tell you babe  
I said, I said that you secretly died  
Turn the magic  
And you come, you reach out on straight  
Silently wanna go  
Silently murder you all And if I walk, on to your self  
To make it cool, look inside
