Christopher Owens

Just like an angel,
He flew away
Gone from this World
At two years of age
A beautiful baby was here like a dove
Took his heart, all mama's love
Daddy didn't stick around for the three of us
He and my mother were separated,
Someone's a family with children of God
But all that we wanted was our father's love
Just like an angel,
He flew away
Gone from this World
At two years of age
A beautiful baby was here like a dove
Took his heart, all mama's love
