Kalamazoo

Glenn Miller Orchestra

Ran out of time, running my mouth
Ran up a tab and all the way from Kalamazoo
And on my way back home
I was surely stoned, now I'm sober in my yard
Can't believe I was there, can't believe I've been anywhere elseBut there was a time, I almost forgot
We had been driftin' all the way from Kalamazoo
And I said that I loved you too, all the way back home
There's a old joke, I just made upHow many of me would it take to screw up your life?
One to settle down, one to turn you around
Now I'm sober in my yard
I was gonna say you had to be there
Now I forget that you're still thereSeems like you'd be frozen
Frozen there in time
Waving your goodbye
Up to the skyYour place on the map has faded away
Must've been lost in more than one way
Kalamazoo, don't you know that I've been there too
And it'd put your mind more at ease
If you'd say these words and release
All the way back home
