Goodbye to Yesterday

Spock's Beard

When all that's good seems to wear you down
When the river is far and wide
And you can't stand up for falling down
You're a believer who's found they lied
And the past has your hands firmly tiedTry to find a way
Try to say goodbye to yesterday
Goodbye to yesterday, say goodbyeWhen you push they push on you
It's hand to mouth and day to day
Do you have your baggage
Or do your bags have you?You're doing fine, it's not too late
To lay your burden down
And walk through heaven's gateTry to find a way
Try to say goodbye to yesterday
Goodbye to yesterday, say goodbyeTry to find a way
Try to say goodbye to yesterday
Goodbye to yesterday, say goodbye
You've got to find a way to say goodbye
