

709 (Acoustic Version)

The Diamond Underground

And I admit I hate corporate life
So I will live way on the side
Because I want my heart and soul
And I want my winters cold
So I deny all the invites I live my life in a cyber design
And Ill leave them all on 7/09
And please let me paint you a dream
So only I can reign over me So I admit its time to deny
That scene of me a competitive creep
Because I want my girl to breath
And I want my body free
So I deny all the invites NOTE: A song about leaving the awful corporate world
and going towards the artistic
