

# The Greatest (feat. Tempa T, Stormzy & Ghetts)

## Raleigh Ritchie

Danger warning, good morning  
Is it dark outside or light?  
Last night was so ? but we conquered the boredom  
We ?  
But you won't see me crawlin`  
Don't wanna make this awkward  
I'm feeling nauseous  
I'm seeing four of us  
But we came with five and we don't waste time We'll be dancing forever  
We don't know any better  
We're lazy  
Whatever  
At least we stick together  
We're the greatest  
I mean it  
We'll never be defeated  
You can take us or leave us  
We don't care if you believe us Oh woah oh, woah oh woah x2 One drink, two drink  
We're young and we're stupid  
Who the fuck knows what they're doing  
Life is boring and we can barely afford it  
We've been blinded, assuming  
That this won't be our downfall  
When we work for the council  
Stuck with a house full  
Of kids that we now adore  
But we made on a whim  
That we fade and we dim  
We're amazing and slim  
The queens and the kings We'll be dancing forever  
We don't know any better  
We're lazy  
Whatever  
At least we stick together  
We're the greatest  
I mean it  
We'll never be defeated  
You can take us or leave us  
We don't care if you believe us Oh woah oh, woah oh woah x2 See you in the same place

When we`re eighty-three  
We`re gonna live foreverWoah ohEven if I fall in love and have kids  
Will you wait for me?  
We`ll go hell for leatherWoah ohTaking a tally of every day we lost  
Taking a vaca  
Taking a sick day and we`re off  
When we`re old ? will be lost  
Doing our rounds and payin` the costs  
Way past the sunshine and ice cream  
I pray it`s not a pipe dream  
As dumb as it might seem  
When we`re grown up  
Will you still like meWe`ll be dancing forever  
We don`t know any better  
We`re lazy  
Whatever  
At least we stick together  
We`re the greatest  
I mean it  
We`ll never be defeated  
You can take us or leave us  
We don`t care if you believe usOh woah oh, woah oh woah x2
