

# One Heart's Beatin' One Heart's Cheatin'

**Billy Walker**

One heart is beatin' the other one's cheatin'  
That's the way it always seems to beIn one heart there's romance  
The other there is no chance  
Two hearts can't be in love and disagree  
I gave my heart while you played aroundMy love you desired  
Till another heart you've found  
Now one heart is beatin' the other one's cheatin'  
You can't have a cheatin' heart and winOne heart is beatin' the other one's cheatin'  
That's the way it always seems to be
