

# Bad Karma

## Spiritual Beggars

Bad karma, bad life  
Magic wonders is a horse without a head  
No sign of hope, my soul miss home  
Pills and booze become my lullaby I'm singing to you  
Don't give me your truth  
Divine woman, blackhearted lady  
Tenderness turns to a holy mess  
Sence of chaos, a broken song  
Find myself in the worse mess I've been Bad karma, bad life  
Magic wonders ain't made for you and me  
But inside charmers make me breathe  
They tell me stories of why I have to bleed
