The Wolf You Feed

Bad Llama

I've been waiting for a lifetime now or so that it seems,
Trapped inside your head that heavy breathing in your dreams,
I've been waiting for this for so
long

2am arrives and in this world you're out of place,
Rocking you to sleep with tears all down your bloodshot face,
How am I to know right from Wrong?

Your'e on your own,
You're not alone,
Buts its not enough,
No it's not enough,
Cos I can't let you go

Don't ever think that you can turn your back away from me,
Try to leave your bed and I'll bring in anxiety,
Now we're singing that same old song

I am life and death and everything you see between,
Spirit bottles or that fistful of fluoxetine,
Tell me what does it mean to belong?

Your'e on your own,
You're not alone,
Buts its not enough,
No it's not enough,
Cos I can't let you go

Cos I've been waiting for this for so long,
Yeah I've been waiting for you for so long,
And I promise its easy this time yeah yeah yeah
So no I won't let you go you're mine

Your'e on your own,
You're not alone,
Buts its not enough,
No it's not enough,
Cos I can't let you go.
