

Sophomore Slump Or Comeback Of The Year

Fall Out Boy

Are we growing up, or just going down?
It's just a matter of time until we're all found out
 Take our tears, put 'em on ice
'Cause I swear I'd burn the city down to show you the light
 We're the therapists pumping through your speakers
 Delivering just what you need
 Well read and poised, we're the best boys
 We're the chemists who've found the formula
 To make your heart swell and burst
 No matter what they say, don't believe a word
'Cause I'll keep singing this lie if you'll keep believing it
 I'll keep singing this lie, I'll keep singing this lie
 Are we growing up, or just going down?
 It's just a matter of time until we're all found out
 Take our tears, put 'em on ice
 'Cause I swear I'd burn the city down to show you the light
 We'll travel like gypsies only with worse luck and far less gold
 The kids you used to love but then we grew old
 We're the lifers here 'til the bitter end condemned from the start
 Ashamed of the way the songs and the words own
 The beating of our hearts
 'Cause I'll keep singing this lie, I'll keep singing this lie

Are we growing up, or just going down?
It's just a matter of time until we're all found out
 Take our tears, put 'em on ice
'Cause I swear I'd burn the city down to show you the light
 There's a drug in the thermostat to warm the room up
 And there's another around to help us bend your trust
 Got a sunset in my veins
 And I need to take a pill to make this town feel okay
 The best part of believe is the lie
 I hope you sing along and steal a line
 I need to keep you like this in my mind
 So give in or just give up
 The best part of believe is the lie
 I hope you sing along and you steal a line
 I need to keep you like this in my mind
 So give in or just give up

Are we growing up, or just going down?
Are we growing up, or just going down?
It's just a matter of time until we're all found out
 Take our tears, put 'em on ice
'Cause I swear I'd burn the city down to show you the light
