The Last To Know

Color Me Badd

Where does love go when you're not in love?
How does it feel when nobody wants it
Tell me does it float around like a little lost cloud
When a heart is not it's homeWhat does love do when it's not being used?
Feeling like it don't belong
Is it lying awake in the middle of the night?
Think 'bout what went wrongCause when I look in your eyes it's just not there
When I hunger for affection the cupboard is bare
I don't know why I keep hangin' on
When love got the message and it's already goneWhy am I always the last to know?
Tell me why is it always me alone
Still dancing when the party is over
Why am I always the last to see?
Just a fool who believes you're still in love with me
Even love can see it's over
I'm always the last to knowWhat do I do 'til I'm back on my feet
Do I hang around and try to pretend
That I'm really over you, and it won't be long
'Til love says it's my turn againWhen I look in your eyes it's just not there
When I hunger for affection, the cupboard is bare
I don't know why I keep hangin' on
Cause love got the message and it's already goneWhy am I always the last to know?
Tell me why is it always me alone
Still dancing when the party is over
Why am I always the last to see?
Just a fool who believes you're still in love with me
Even love can see it's over
I'm always the last to knowThe next time I fall, I'll be takin' my time
'Til I know that her heart is mine, really mineWhy am I always the last to know?
Tell me why is it always me alone
Still dancing when the party is over
Why am I always the last to see?
Just a fool who believes you're still in love with me
Even love can see it's over
I'm always the last to know
