## Peven Everett

[Intro]

I know you're testin' me, testin' me  
I know you're testin' me...  
I know you're testin' me, testin' me  
I know you're testin' me...

I know you're testin' me (x8)

[Verse 1 - Peven Everett]

You know I do it live when I roll  
You know I keep your mind in the zone (ooh)  
You know you tell your friends when you go  
See, you know I keep it tight girl.

I'm workin everyday anyway  
And give it to you anytime you say, yea  
Girl you're the weight of it all  
I'm tryna do it right girl.

[Hook]

See I know (you're testin' me)  
I know, yea  
I know you're testin' me (I know you're testin' me) (x2)  
I know you're testin' me (I know you're testin' me, yea)  
I know you're testin' me (I know you're testin' me) (x4)

[Verse 2 - Peven Everett]

They see me in the streets everyday  
They say he used to be on his way  
His momma had a lot of wishes too  
Now What's she gonna do now?

See I'm going to live the only way I can  
Follow my plan believe it  
Make my millions easy  
I've been on this road a while

Way before you came in, came in  
Way before you started blamin', blamin' me  
For everything.  
And doin' dirty deeds with a smile  
We used to have all the fun girl  
We would even watch the sun girl, together.(yea)

[Hook 2]
