

ZerÃ,space (DJ Merritt & Darren D Remix)

Kidneythieves

I am a fallen zer
Below the glaciers of the evil
I am a golden superhero
Above the sun and all the peopleSpace in your face im gonna drink
the f*cking ocean cause I ain't from a coast I'm just coastin
Said I was an afterthought you'd bring along,
well who' u after now, bitch? Run, mother f*cka, runAnd if you think im space-cakening
I've been in shit of rude awakening
And im floating high (but im always down)
Skip or trip to face the space or fake in thisIn the middle I stay in place, skip or trip at zerspace And im floating
high (but im always down)
Skip or trip to face the space or fake in thisI met a fellow zer
He took me to the silver people
I said, "I think you are my hero"
+ we were one it all was clearerSpace in your face, it's the way to get you closer;
while you were sittin on your ass, *
-- I drank the f*cking ocean
Zerspace the way to get your kicks, but too many chefs in the kitchen could spoil the mixI am a means until the
end
I move a mountain with my hand
And im floating high (but im always down)
Skip or trip to face the space or fake in thisIn the middle I stay in place, skip or trip at zerspace
And im floating high (but im always down)
Skip or trip to face the space or fake in thisAnd im high (but im always down)
Skip or trip to face the space or fake in this
