

# Day I Die

## Mondo Generator

The day I dieThe day I die  
They're gonna throw me a party  
The day I die  
Tell the good news to everybodyCome on and join me  
Yeah, spit on me  
Come on and laugh  
And fuck with meThe day I dieThe day I die  
No more reasons to lie  
The day I die  
No more reasons to tryCome on and join me  
Yeah, spit on me  
Come on and laugh  
And fuck with meI'm dead, yeah, I'm dead  
Rip off my skin, have a feast  
I'm a beast  
Canniblize, shit, piss  
I'm dead, I'm dead  
Rip off my skin, have a feastThe day I die
