

Hollow

Joe

Have you ever looked up at the sky at night and seen nothing
Driven down a road that just don't lead to something
Turned over an empty hourglass
Realize all the time you cant get back
Then you're all alone
And you wake up one day and she's gone
There's a keys sitting on the kitchen table
And a hallway full of empty air
No car in the driveway parked
Just some tire marks from when she disappeared
I guess I never really thought about tomorrow
And that love was just something you could borrow
Now I'm stuck with a big pill swallow
I'm so hollow
Ever had a hole in your heart so big it would echo
Every beat every post has a memory to some how follows
Ever pick up the phone to a dial tone
Ever walk in a house to nobody home
And just think to yourself how the hell did I get here
And there's a keys sitting on the kitchen table
And a hallway full of empty air
No car in the driveway parked
Just some tire marks from when she disappeared
I guess I never really thought about tomorrow
And that love was just something you could borrow
Now I'm stuck with a big pill swallow
I'm so hollow
Took everything ya needed
Stole every little dream from me
No signs no warning of the let go
But ya let go
You left your keys sitting on the kitchen table
And a hallway full of empty air
No car in the driveway parked
Still broken hearted girl cause you ain't here
I guess I never really thought about tomorrow
And that love was just something you could borrow
Now I'm stuck with a big pill swallow
I'm so hollow
